

BUILDING ENTRANCE/CAR PARK

Drygate brewery has a sizable free car park, consisting of 70 spaces and 5 blue badge spaces. The car park is located to the left of the main entrance. Additional paid on-street parking is available on Wishart street to the north. The car park has a gentle slope up to it and is 20m from the front entrance.

Drygate Brewery is a two-floor venue.

Access is on the Ground and First Floor. A gentle slope takes you from the front gates to the restaurant entrance on the Ground Floor. An external wooden staircase and deck structure allows access to the First Floor.

If you have any special access requirements, please let us know in advance.

GETTING AROUND

Once inside the building, there is level access throughout the ground floor. There is an accessible platform lift to take customers to the first floor from the ground floor. The First Floor has level access throughout.

VENUE PLANS

Standard venue plans are available on request.

DOGS

Dogs are always permitted on our wooden terrace, in the Peaks Bar, and in the ground floor Brasserie restaurant. We do ask that they stay on leads and that we have a three-bark rule, for the consideration of all our guests visiting our venue.

TOILETS AND ACCESSIBLE TOILETS / BABY CHANGING FACILITIES

All customer toilets are located on the First Floor and can be accessed via the internal stairs or the accessible lift. Our toilets are non-gender specific and are clearly labelled. We also have one separate accessible toilet which also contains baby change facilities. Additional separate male and female toilets are located in the events space.

FIRE ALARMS

The fire alarm gives an audible warning only. There is no visual display. A member of staff will assist in the event of a fire.

If you are unlikely to be able to hear alarms or will need assistance to exit the building if the fire alarm sounds, please tell a member of staff on your arrival.

Fire escape routes are indicated on the fire plans posted in each area and are clearly indicated by illuminated fire escape signs.

Wheelchair refuge areas are in 2 locations on the first floor and are connected to the ground floor by an intercom.

Staff are trained in carry down procedures in the event of a fire.
